<b>McKenna, Jim</b>	<b>LPD</b>

Robin Butler called the May 26, 2009 meeting to order at 8:30 a. m. The minutes from our April 28, 2009 meeting were approved as submitted.

## **OLD BUSINESS:**

The LAP Pedestrian Enhancement Project for the LYNX Super Stop on Fernwood Blvd. between Oxford Road and SR 436 was discussed. The funds for this project totaled \$120,000.00; however the lowest bid came in above \$150,000. Requirements for these projects limit the funding to \$120,000. It was also reported by LYNX that this stop was going to be relocated. The RSA committee will update the data, Brett Blackadar, Engineering will contact LYNX to determine if the two stop locations are going to be relocated and a determination for what direction to proceed will be determined upon receipt of this information.

The RSA Committee field trip was canceled due to the rain and has been rescheduled for June 2, 8:30 AM to meet at the intersection of North Street and CR 427.

The Memorial Day Operation to be hosted by Casselberry PD was also canceled due to the weather and will be rescheduled for a later date, per Lt. Scott Pleasants.

## **NEW BUSINESS:**

There was no new Business to report

## **PROBLEMS AND SOLUTIONS:**

Seven current problems and solutions were discussed.

- 2009-05 open (under review by FDOT)
- 2009-06 open (under review by FDOT)
- 2009-08 review completed (existing traffic volumes prohibit further resolve)
- 2009-09 right turn prohibition request (waiting for installation of traffic signal)

## **FATALITIES TO DATE:**

There were four traffic fatalities for review:

4/15/09: I-4, EB, east of SR 434 – single vehicle incident. Driver's blood alcohol was in excess of 3.0; driver was not wearing his safety belt and was thrown to the passenger side when he lost control of the vehicle. The driver was unable to maneuver the vehicle due to his impairment and physical location in the vehicle.

4/18/09: From Pinemire Dr, driver made a left turn onto Red Bug Lake Road directly in front of an EB vehicle on Red Bug Lake Road. There were no sight obstructions observed at this location which would hinder this movement. Crash data does not show any additional incidents at this location.

4/19/09: Motorcyclist was NB on Old Geneva Road traveling at approx. 70 MPH in a 35 MPH zone. The SB motorist turned left in the path of the motorcyclist. The 47 year old

motorcyclist had 7 previous DUI convictions; however his license was valid at the time of the crash.

5/3/09: pedestrian fatality on 20<sup>th</sup> Street in Sanford. It was determined that while the driver was exceeding the posted 25MPH speed limit, the unsupervised child wandered directly into the vehicle path from between multiple parked vehicles. The incident was not likely to have been avoided regardless of the speed. A review to determine if an existing construction detour in the vicinity was a factor will be conducted.

**ANNOUNCEMENTS:**

The Spanish for Law Enforcement training hosted by the SCSO in the downstairs training room will be May 27<sup>th</sup> – May 29<sup>th</sup>, 2009 at the SCSO.

Meeting adjourned at 10:00 a.m. Our next meeting will be

**May 26, 2009  
8:30 AM – 10:00 AM  
@  
Lake Mary Police PD 2<sup>nd</sup> floor training room  
165 E Crystal Lake Drive  
Lake Mary, FL 32746**
